

9/1/07

2fORM Architecture has moved to its new location at 121 Lawrence Street, Eugene Oregon 97401. We are sharing a building with Oslund Design Studio.

“We expect that we’ll be growing into the space for quite a while”, says Richard Shugar, A.I.A., the principal architect.

We will host an open house in the near future to share the changes with clients and friends of 2fORM.
